WE CARRY THE COMPLETE LINE OF BALDWIN PRODUCTS

BALDWIN
FILTERS DISTRIBUTOR

Since 1972 Filters Unlimited has been the midwest's go-to partner for the highest quality filters, industrial supplies and exceptional service.

FULL LINE OF FILTERS AND INDUSTRIAL SUPPLIES

Our product lines serve industries across the spectrum, from industrial and agricultural to residential and office. From filters of all types (HVAC, fuel, air & lubrication) to oils, lubricants, grease and belts, our warehouse is stocked to the rafters (literally.)

NATIONAL BRANDS, LOCAL SERVICE

Our large inventory of most-commonly used filters and supplies enables us to supply many orders the very next day, *we've even been known to deliver that same day.* We offer volume pricing on all accounts, regardless of your size. *Fleet or national account-based pricing available.*

IT'S OUR SERVICE THAT SETS US APART FROM THE REST

Everyone has thier own way of doing things. Some like to have a scheduled shipment knowing that every time they need an item it's already on the shelf. Others like to text on a Friday night and get restocked the next morning. Whatever your plan, we'll make it happen. *If we don't stock your part, we will.*

COMMERCIAL/LIGHT INDUSTRIAL FILTERS OF EVERY TYPE

LARGE INVENTORY OF QUALITY PRODUCTS

We've been a distributor since Led Zeppelin was on every radio station in the country. So we know how to help our customers choose quality over short term savings and long-term downtime caused by no-name products from unknown sources.

MANUFACTURE-DIRECT PRICING

One of the best reasons our customers have been turning to us for almost 50 years is our exceptional pricing. Our focus is supplies, and our markup is in line with your budget, every time.

FLEXIBLE SERVICE

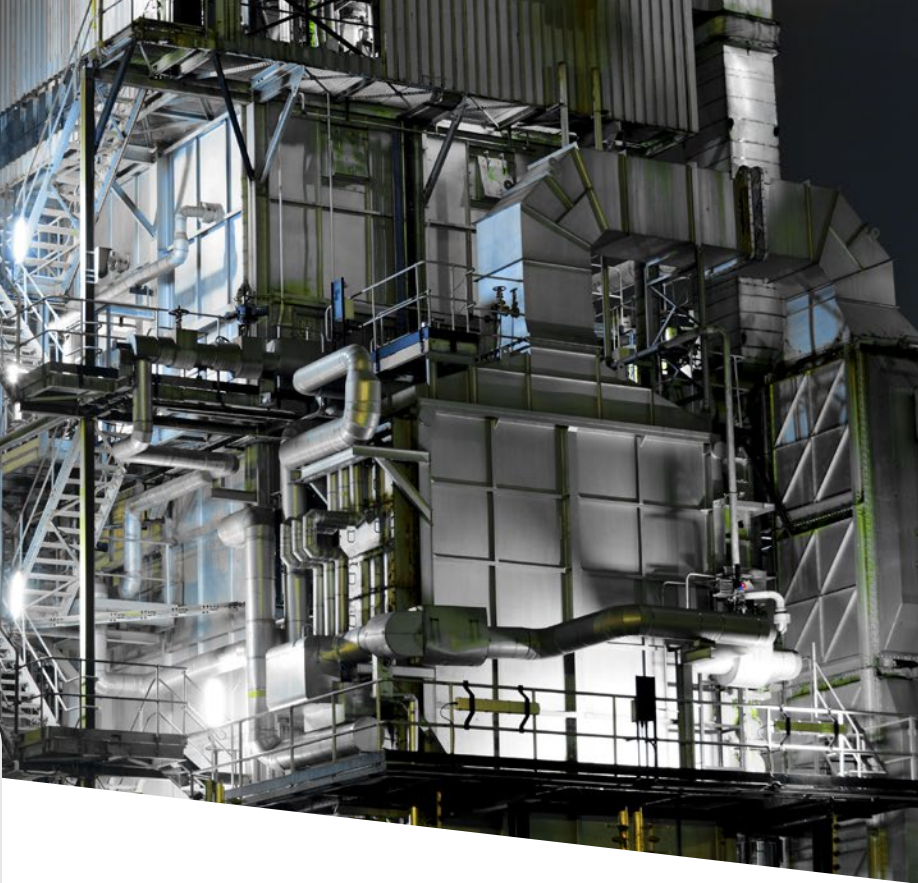

Whether you're looking to have one-source distributors, a standing PO where we manage your filter changing schedule intervals, or an install upon delivery, Filters Unlimited has a flexible service option to fit your needs, we'll complete your routine filter changing PM's.

CUSTOM

We pride ourselves on being able to supply solutions that our competitors won't even touch through our deep experience in custom fabricated filters. Whatever the application we have the experience and expertise to provide you a custom solution to optimize your filtration system.

Since 1972 Filters Unlimited has been the midwest's go-to partner for the highest quality filters, industrial supplies and exceptional service.

INDUSTRIAL / MANUFACTURING FILTERS OF EVERY TYPE

WE SPECIALIZE IN MANAGING WHOLE FACILITY FILTRATION MAINTENANCE

We've been a distributor since Led Zeppelin was on every radio station in the country. So we know how to help our customers choose quality over short term savings and long-term downtime caused by no-name products from unknown sources.

MANUFACTURE-DIRECT PRICING

One of the best reasons our customers have been turning to us for almost 50 years is our exceptional pricing. Our focus is supplies, not installing HVAC systems or mechanical infrastructure. So our markup is in line with your budget, every time.

FLEXIBLE SERVICE

Whether you're looking to have one-source distributors, a standing PO where we manage your filter changing schedule intervals, or an install upon delivery, Filters Unlimited has a flexible service option to fit your needs. Free up maintenance teams by outsourcing the routine changeouts.

CUSTOM

We pride ourselves on being able to supply solutions that our competitors won't even touch through our deep experience in custom fabricated filters. Whatever the application we have the experience and expertise to provide you a custom solution to optimize your filtration system.

DELIVERY AVAILABLE!

PREVENTIVE MAINTENANCE SAVINGS

TYPICAL SAVINGS: FILTERS
10% - 50%

We have the ability to price manufacture direct as authorized distributors.

Mechanical contractors / other service providers will typically buy from someone like us and mark up the filter 20-50% when resold to the end user

TYPICAL SAVINGS: SERVICE
20% - 75%

We have up-front simple hourly rate pricing.

Allowing us to run your preventive schedules can help you save money on maintenance agreements by only calling in service techs for down time.

100% TIME SAVED

TOTAL TIME GIVEN BACK TO YOUR MAINTENANCE FACILITY TEAMS

How much more effective will your teams be by removing routine maintenance?

Whether you trust us to only provide or change your filters, we also specialize in entire facility filtration solutions which may include custom intake pads for keeping your sensitive electrical and manufacturing machines running clean.
